# Interested in a completely custom design?

We LOVE designing custom gifts. From packaging to products, we'll work together to make sure your gifts perfectly represent your brand and message.

# How it works:

## 1 Discovery & Design (1 -2 Weeks)

Your dedicated account manager will schedule a call to gather information about your project, goals and budget. We will prepare a gifting proposal tailored to those objectives. We want you to love what you gift and welcome unlimited edits during this process.

## 2 Production (1-2 Weeks)

After the final gift design has been approved, we'll send a detailed invoice. Once paid, we'll order relevant products/branding (as needed) and collect required elements.

## 3 Fulfillment (1-2 Weeks)

We will build, package and ship/deliver your gifts. This step often takes less than a week. Have a tight deadline? Need your gifts out ASAP? Not a problem. We are happy to expedite orders whenever possible.
